

School Year
2019-2020

First Step International School

Creating Unlimited
Opportunities to Our Children

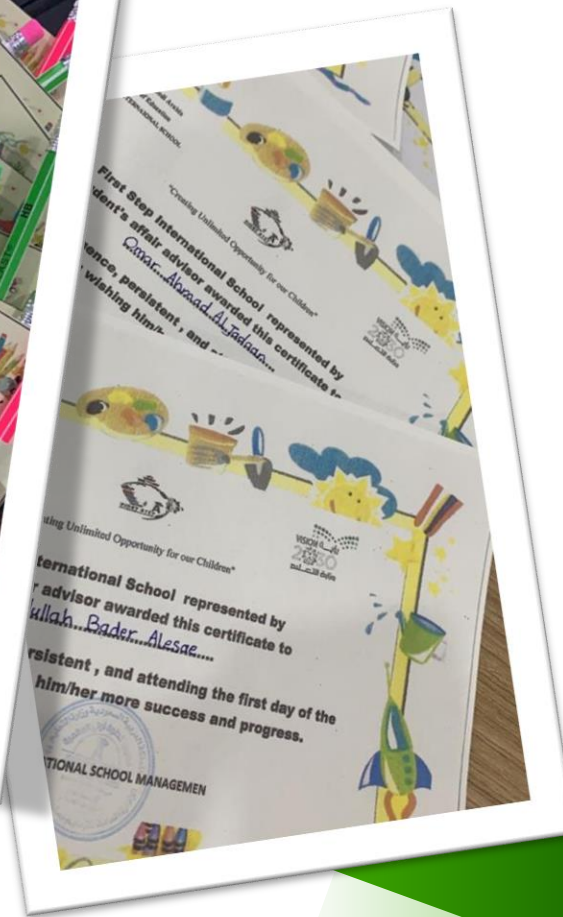

Back-to-School Opening Day!

FSIS welcomed the students with a back-to-school bash!

Students received pens and colorful pencils as gifts for entering the 2nd Semester. Another experience filled with more fun and learning!

Dental Hygiene

In partnership with Smile Club from Jizan University, a Dental Hygiene Orientation was given to the students of FSIS.

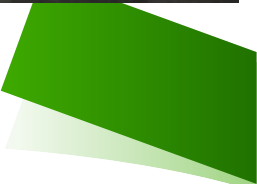

This activity promotes the proper care for the teeth.

Mosquito Fogging

To ensure the health and safety of the students, mosquito fogging was scheduled.

Aside from this, the school maintain its cleanliness and orderliness inside and outside the classroom.

Orientation on Proper use of Electronic Gadgets

Technology has become part of the learning experience of students.

Even so, the proper use of these electronic gadgets is needed to be imparted to the students.

English Club Contest

In order to develop the students skills in speaking English, an English Club contest was held last December 2, 2020 at the school library.

Each students were given the chance to present their poems and others joined the quiz bee contest.

Visit at the Endocrine and Diabetes Center

Selected students from grades 1-3 had the chance to visit the Endocrine and Diabetes Center last December 25, 2019.

They were welcomed and oriented by the hospitable staff of the said facility.

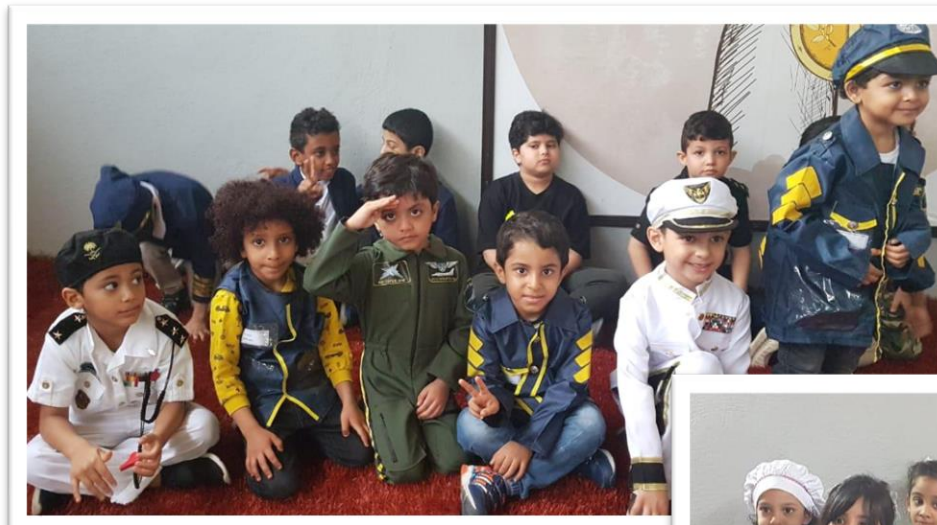

Jobs Day!

An activity which gives our students first hand experience of taking their roles on different jobs.

Students wear uniforms for doctors, nurses, fire fighters, police officers, bakers, chef and etc.

#february13th

Arabic Language Day!

This activity was held on February 27, 2020. Students embrace the culture and heritage of Arabic language. Arabic and English languages is spoken inside the school. It provides our students mastery in speaking both languages.

#bilingualism

Math Competition!

The first ever Math competition was held on February 28, 2020.

This promotes the love for mathematics as a subject and boosts active participation and confidence of students in joining school activities.

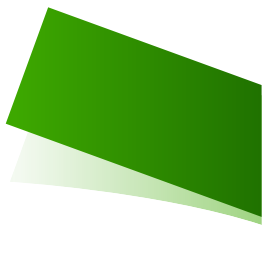

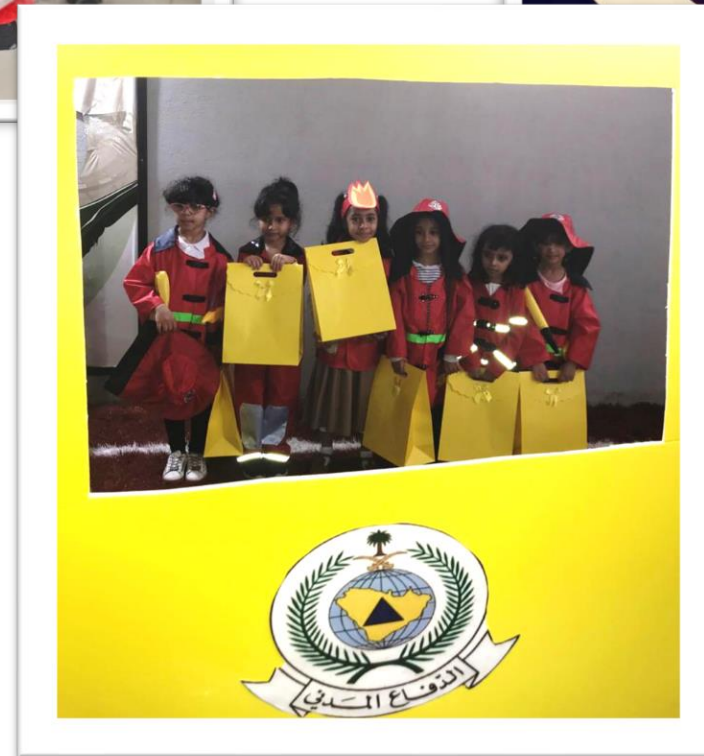

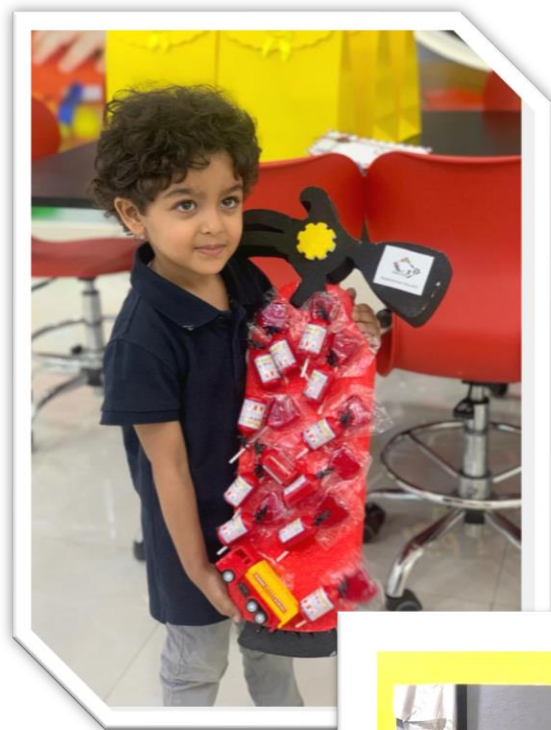

#MathIsWhatWeAdore!

Fire Drill

A vital activity which was held to ensure the safety of our students during a fire incident.

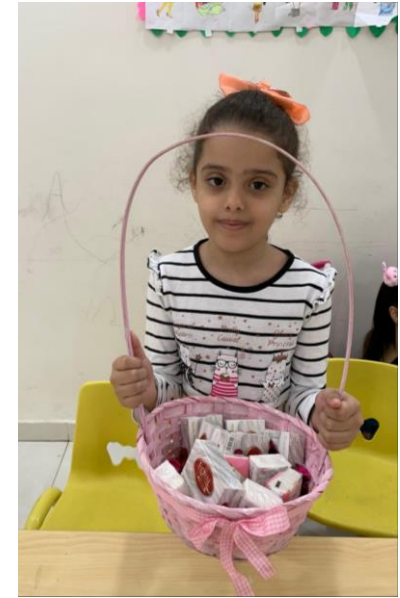

This helps students to have knowledge on what they must do if such event happened.

Health and Hygiene

Even before Covid19 hits the globe, the school initiated a health and hygiene Day on March 1, 2020.

Students were taught about proper hygiene.

Pizza and Cupcake Making Fieldtrip

A field trip was held on March 2, 2020 at the Higher Institute of Tourism and Hospitality. This was participated by Grade 2 and Grade 3 students.

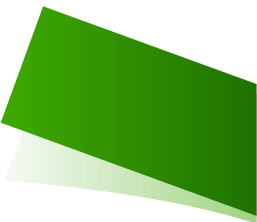

It provides them meaningful and experiential learning in pizza and cupcake making.

Open Day

Open day has been a fun day for students. Teachers facilitated a bubble activity for each grade level.

An inflatable venue was set up at the playground. Students had their turns in playing.

Parent's Appreciation Day

Parental involvement has a great impact in the learning process of students.

This activity was held to show gratitude to our dear parents who gives time and effort in assisting their children in school tasks, events and activities.

KG2 Supermarket Day

Early exposure in a community-based experience led the conduct of Supermarket Day for KG2 students.

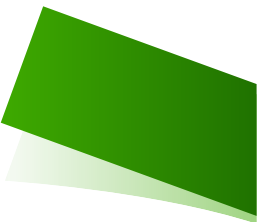

Buy and sell exposed children in the market place. This led them that a supermarket is one of the important part of the community.

Costume Day!

This is one of the most memorable activity for the students.

They were able to wear costumes as superheroes, prince, princesses, etc. It was day filled with music and fun.

Book Reading Experience

Giving early exposure on books will boost children's love for reading.

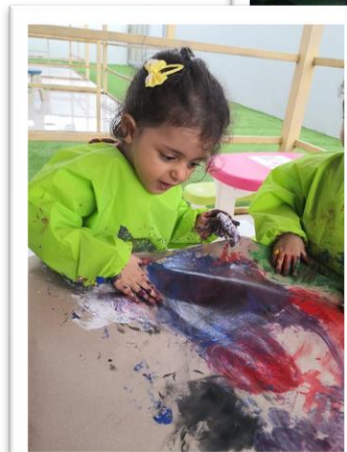

Picture books are best for Pre-Kindergarten students. They might not be reading the words but can see the story through the pictures.

Fine Motor Activities

The early learning of children in Pre-KG level promotes the development of fine motor skills.

The fine motor activities given to the students includes performing tasks like grasping, reaching and hand-eye coordination.

Experiential Learning

One of the best ways to learn is through experience. Activities like sandwich-making, puppetry, playing in a cooking area are some examples of experiential learning.

This provides the students hands-on learning and reflections by doing the activity and seeing the product of their experience.

Drawing Competition

A drawing competition was held for the student's to express their creativity through their artworks. Participants received awards and certificates.
